NIGHTTIME RAIL CROSSING WORK ON NH ROUTE 101 BYPASS IN MILFORD
PROJECT WILL REQUIRE DETOUR ON OCTOBER 3-4 FROM 6 PM TO 6 AM

The New Hampshire Department of Transportation announces nighttime paving work is planned for two nights at a rail crossing on the west end of the NH Route 101 bypass in Milford.

This night work, in conjunction with the rail crossing replacement, will take place between 6:00 pm on and 6:00 am on Monday, October 3 and Tuesday, October 4 and will require both eastbound and westbound detours on NH Route 101. Westbound traffic will be detoured via Old Wilton Road and NH Route 101A. Eastbound traffic will be detoured via Hitchiner Way and Old Wilton Road.

Continental Paving of Londonderry, New Hampshire is the contractor for the paving project. NHDOT District 5 Highway Maintenance forces will also be involved in the project.
